Welcome to Stocksbridge High School

STOCKSBRIDGE
HIGH SCHOOL

Our school is rooted in the heart of the community of Stocksbridge and surrounding areas. We are an 11-16 comprehensive school with 850 students on roll. Our core aim is to provide the best educational opportunities so that our students grow and develop to be ambitious, prepared and qualified for their next steps in life.

We aim to instil our core values of being positive, caring, courageous and reflective in students. This is achieved through providing an ambitious curriculum, high quality teaching, and pastoral support for young people at every stage in their journey through Stocksbridge High School.

We strive to establish strong and supportive partnerships with parents and carers so that we collaborate to enable our students, your children, to aim high, work hard and continually try their very best.

We are proud to be part of Minerva Learning Trust and work with colleagues from across all Trust schools to continually develop both our educational provision and skills.

Who We Are

Minerva Learning Trust is a Multi Academy Trust registered as an exempt Charity and established in October 2014.

Our vision is for our schools to work together to provide an outstanding education for the young people of Sheffield. Together, our schools create a partnership which supports the teaching and learning of over 5,000 students.

What We Do

We are recognised as one of the largest and highest performing Trusts in the city of Sheffield. We have developed our educational strategy and operating model from many years of experience of leading and supporting schools and have consequently had a transformational effect on children's life chances.

Together, we deliver an educational strategy which enables all students in our Trust to flourish regardless of their background or starting point – both academically, socially and emotionally. We strongly believe in inclusion and we believe in the power of education to transform the lives of all of our young people. We work hard and to provide our students with the skills, qualities and experiences they need to be successful and to positively contribute to society.

Our mission, vision and values are central to our work and are the driving force behind all that we do. Our vision of Outstanding Together, Working Together and Learning Together is underpinned by our core values of Inclusion, Independence, Respect and Success.

We are proud that Stocksbridge High School is part of our Minerva family and we very much look forward to supporting you and your child on the next stage of their educational journey.
