

## Stocksbridge High School – Summer School

Stocksbridge High School's first summer school was held during week commencing 16 August 2021 in partnership with Stocksbridge Community Leisure Centre. This was offered to incoming Y7 students in the first instance to support the transition process in terms of building confidence and relationships. Due to covid, the transition week was limited as students from different schools had to be kept in bubbles and some students missed out on this opportunity altogether. We also offered the opportunity to current Y7s as they have had a disrupted first year in secondary education and so that they could support the new cohort.

We applied for funding from the DfE, please see high level detail below: -

<b>Overall cost of summer school</b>	£17,271.13 including Leisure centre costs and staffing
<b>DfE summer school funding applied for</b>	£17,271.13
<b>Days attended</b>	241 days across the week
<b>No of new Y7 attended</b>	50
<b>No of Y8 attended</b>	66
<b>49 lost places @ £59.55 per place</b>	£2917.95

The activities supported transition and well-being by offering a treasure hunt around school to gain familiarity, team building and ice-breaker tasks. There were sports-based activities such as team games, swimming, dance and movement. The academic element was in the form of the playmaker award and mini first aiders with additional activities of arts/crafts and circus skills. An outdoor activity day was planned to finish off the week at the Underbank Activity Centre in Stocksbridge.

One member of teaching staff together with two pastoral managers were on site every day to support the delivery by Leisure Centre staff. A member of the senior leadership team was on-call everyday if required for additional support. Having the school staff present meant they were able to support any conflict and anxiety and to familiarise students with key pastoral staff. Attendance monitoring was managed remotely offsite by our Attendance Officer in liaison with our Pastoral Managers.

	<b>Monday</b>	<b>Tuesday</b>	<b>Wednesday</b>	<b>Thursday</b>	<b>Friday</b>
