

Stocksbridge High School – Transition Week Pre-Task for students

Ground Floor

This is a map of Stocksbridge High School. It will be much bigger than you are used to at your Primary School! To help you navigate your way through school there are different indicators. These include:

- Room Numbers/Names
- Colour Co-ordinated Corridors
- Signs/Maps of School at Key Points

On the first day you will be expected to go to the Main Hall, for 9AM.

Task 1: Using the map above, describe the pathway you will take to get you where you need to be.

You should include room numbers/names in your answer.

When you arrive, you will sit in a specific row according to your current class. For Example, if you go to Stocksbridge Junior School and are in Miss Davy’s class, you will look for Stocksbridge Junior School Y6RD. Some of your school staff may be with us, so keep a look out for them to help. If not, there will be lots of Stocksbridge High School staff available to help you.

Task 2: Please highlight the row that you will sit on in the main hall, from the list below.
